

King Centre Dental
EXCELLENCE

KING CENTRE DENTAL

You are no doubt receiving communication from many sources about COVID-19, we understand this may lead you to ask if your dental appointment will be affected. Please know that your health and that of our dental team is our highest priority. As required, we vigilantly follow cleaning and sanitizing procedures and overall health standards mandated by the Center for Disease Control and occupational Safety and Health Administration. With that, our office will continue to treat patients at this time and look forward to seeing you soon.

To help us provide the safest environment possible, please call to your reschedule your appointment if you feel ill with a cough, fever and respiratory problems; have recently traveled internationally: or believe you may have been exposed to the Coronavirus. Remember, there are simple steps we can take to help stop the spread of Coronavirus such as avoiding close contact with people who are sick, staying home when you are sick, using tissues when necessary, and washing your hands often with soap.

As we strive to deliver the world-class care that you have come to expect from us, we are proud that our community has responded with such class and grace.
